CPR number

The Office for PhD and Continuing Education at DTU removed CPR-numbers from all forms in order to comply with Act No. 429 of 31 May 2000 on Processing of Personal Data (Persondataloven).

However, in order to make sure that all members of assessment committees are registered correctly in DTU's systems, we need their CPR number once. As we do not store CPR numbers, this also applies to assessment committees members who have previously assessed a PhD project. Foreign members of the assessment committee must state their date of birth.

Please, fill in the information below and return to the PhD administration via your department's contact person.
